PHASE 8 – PROJECT DEMONSTRATION

Project: Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer

Demonstration Objective

Demonstrate the complete automated Standard Laptop procurement workflow in ServiceNow, from request submission to automatic Catalog Task creation and Hardware assignment.

Demo Flow

Step	Demonstration
1	Introduce project name, purpose and benefits.
2	Show Standard Laptop item in Service Catalog.
3	Submit a sample Standard Laptop request.
4	Show the approval process and approved status.
5	Show Flow Designer trigger and actions.
6	Show automatically created Catalog Task.
7	Show Hardware assignment group and task details.
8	Present final output and benefits.

Demo Video Requirements

Screen sharing, student voice-over/explanation, Project Name, Purpose, Use/Benefits, Working Process and Final Output must be covered in the video.

Final Workflow / Output

Standard Laptop Request → Approval → Flow Designer Trigger → Automatic Catalog Task → Hardware Assignment → Laptop Configuration
